GENERAL INFORMATION

Access to Documents

You have the right, upon request to obtain a copy of the policy, your application and any written statements or other records you have provided to Canada Life as evidence of insurability, subject to certain limitations.

Legal Actions

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Insurance Act (for actions or proceedings governed by the laws of Alberta and British Columbia), The Insurance Act (for actions or proceedings governed by the laws of Manitoba), the *Limitations Act, 2002* (for actions or proceedings governed by the laws of Ontario), or other applicable legislation. For those actions or proceedings governed by the laws of Quebec, the prescriptive period is set out in the Quebec Civil Code.

Appeals

You have the right to appeal a denial of all or part of the insurance or benefits described in the contract or a benefit. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

Benefit Limitation for Overpayment

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Canada Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Canada Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

Insurance Fraud

Fraud happens when someone knowingly lies or falsifies information to obtain a benefit to which he or she is not entitled. This includes but is not limited to intentionally providing false information to ensure the payment of a claim, withholding information that would affect payment of a claim, or submitting a fictitious claim.

Any incidents of fraud, suspicious activity, or other irregularities will be investigated. Cases of fraud will be reported to the participating employer, which could lead to disciplinary action. Police services may also be contacted.

In the event of an employee's death, the participating employer will provide notification of the death to 3sHealth. Written notice of the death should be provided to 3sHealth within 20 days, or as soon as is reasonably possible. 3sHealth will verify the employee's actual earnings and insurance amounts with the participating employer prior to a claim being submitted. 3sHealth will send a letter and the required claim form to the named beneficiary and request other required documentation included but not limited to:

Payment of Claims

QUICK PAYMENT FOR DEATH-RELATED EXPENSES

A beneficiary can request a quick payment of up to \$10,000 from the Group Life Insurance Plan claim proceeds to help with immediate death-related expenses such as funeral and travel costs. The quick payment amount the beneficiary requests will reduce the total life claim proceeds.

This payment is available to one named eligible beneficiary of a Group Life Insurance plan member. For participating plan members, this option is automatically available for all life claims over \$50,000 with a named individual as a beneficiary.

To apply, a beneficiary of the deceased plan member must contact 3sHealth to start the claim.

BASIC LIFE INSURANCE

Basic Life Insurance provides a benefit payable to your named beneficiary in the event of your death. There is no build-up of cash value.

The benefit amount payable is equal to two (2) times your annual salary, rounded up to the next \$1,000 subject to a maximum of \$1,000,000.

Please note – *employees enrolled in the plan prior to 1982 had a one time opportunity to maintain their coverage at either one (1) or one and one half (1 ½) times their current salary.*

Example:

An eligible employee earns an annual salary of \$36,524.

The employee's Basic Life Insurance amount is calculated as:

$$2 \times \$36,524 = \$73,048$$

\$73,048 is rounded up to the next \$1,000 as:

\$74,000

\$74,000 is the employee's Basic Life Insurance amount.

Employees over the age of 65

If you are age 65 or older, and you work for a participating employer on a permanent full-time basis or permanent part-time basis, or you work for a participating employer on a casual or temporary basis and you meet the eligibility requirements, you are eligible for coverage under the Plan. Dependent Life Insurance is included in the cost of Basic Life Insurance.

Dependent Life Insurance automatically terminates at the earliest of:

- the date your employment ends

Canada Life will pay up to 5% of the Principal Sum, or \$5,000, whichever is less, for each year of full-time post-secondary school enrolment. Canada Life will pay the educational benefit each year for a maximum of 4 consecutive years upon receipt of proof of full-time enrolment.

No benefits will be paid for tuition expenses incurred before the accident, or room or board or other ordinary living, travelling, or clothing expenses.

Family Transportation Benefit

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Benefits for lodging are limited to moderate quality accommodation for the area of hospitalization. Telephone expenses and taxicab and car rental charges are included. Meal expenses are not covered.

Transportation expenses are limited to round trip economy class transportation. If a private vehicle is used, expenses are limited to \$.44 per kilometre travelled.

Canada Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

If benefits are payable under this benefit provision for an injury that requires you to change occupations, Canada Life will pay the tuition fees for enrolling you as a student at a post-secondary institution for training in a new occupation. To qualify for an educational benefit, you must enrol at a post-secondary institution within 365 days after the accident. Canada Life will pay up to \$10,000.

No benefits will be paid for tuition expenses incurred before the accident, expenses incurred more than 2 years after the accident causing the injury, or room or board or other ordinary living, travelling, or clothing expenses.

BASIC AD&D INSURANCE

Wheelchair Benefit

If benefits are payable under this benefit provision for an injury that requires the use of a wheelchair for you to be ambulatory, Canada Life will pay for alterations to your principal residence to make it wheelchair accessible and habitable, and modifications to a motor vehicle you use to make it accessible to and driveable by you.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's healthcare benefit, up to \$10,000 for all home and vehicle modifications combined.

No benefits will be paid for expenses incurred more than 365 days after the accident, or for subsequent alterations to your home or vehicle after an initial claim for benefits has been made under this wheelchair benefit provision.

The maximum benefit payable for losses resulting from any one accident is 100% of your Basic Life Insurance.

Basic AD&D benefits are not payable if the accidental death or dismemberment is the result of:

- suicide
- war, insurrection, or participation in a riot
- service in the armed forces
- illness or disease, medical or surgical treatment, viral or bacterial infection , unless they occur as a direct result of an accident.

DESIGNATING YOUR BENEFICIARY

One of the most important rights that an insured person has is the right to designate the beneficiary. You may designate or change your beneficiary at any time by completing the appropriate form. You may obtain this form from 3sHealth Employee Benefits.

When you designate your beneficiary you are creating a legally binding document. Both the insured person and the insurance company have a responsibility to ensure that life insurance benefits are paid to the correct person(s).

There are two kinds of beneficiaries: a *Primary* beneficiary and a *Contingent* beneficiary. A Primary beneficiary is the person or persons who will receive the policy proceeds when you die. A Contingent beneficiary is the person or persons who will receive the policy proceeds if your Primary beneficiary should die before you.

You may name any person as your beneficiary such as your spouse, parent, or child. You may designate more than one beneficiary. You may also name a legal entity as your beneficiary such as your estate or a charitable organization. If you choose to name a charitable organization as a beneficiary, the full legal name and address of the charitable organization is required. Please note: you may not name a financial institution as your beneficiary.

You may name your child(ren) as your beneficiary. If you name a minor child or children under the age of 18 as a Primary or Contingent beneficiary, you must appoint a *Trustee*. Upon your death, the Trustee will receive the policy proceeds and has a legal duty to use those proceeds for the benefit of the minor child. You will want to appoint someone as the Trustee who is capable of managing the policy proceeds wisely. If you do not appoint a Trustee, payment will go to the Public Trustee in the child's province of residence or to a court-appointed property guardian.

If you designate multiple beneficiaries, you may indicate the portion (percentage) of the policy proceeds you would like to give each of the named persons. If you do not detail a percentage of the benefit for each person, the policy proceeds will be divided equally among all of your named beneficiaries.

For additional information about beneficiaries, please refer to the back of your Enrolment Information Form or go to www.3shealth.ca for the *Designating a Beneficiary 3sHealth Group Life Insurance Plan* brochure.
